Valerie Nolen commented about Marsha Maxwell

CRDAMC comment: December 12, 2012

"This woman has been an inspiration to me and to those around her. She does everything to ensure that the patients know they are special, and then she extends that to her fellow employees. She pulls us together and inspires us to do the right thing. She makes sure we have birthday parties and cards, then she goes out and gives to people she does not even know. Marsha is truly an inspiration and the type of person we should all strive to be."

Anonymous comment about Mrs. Janice

Broadnax, DODM Medical In processing Immunizations Section Copeland Bldg

CRDAMC comment: October 31, 2012

"I work with Janice Broadnax on a very regular basis and she is always so professional and dedicated. She maintains a high level of enthusiasm and provides a lot of motivation to the soldiers (and other staff) at the Medical In processing Dept Copeland Bldg 3rd floor. She even takes time out of her personal schedule to assist soldiers assuring that their immunizations are up to date and that they understand what is need and why. I love how she brings the morale of the immunization section at Copeland Center up and always works her hardest and encourages others to do the same."

Alisha Quiney commented about Public Affairs Office

CRDAMC comment: October 29, 2012

"I would like to take this opportunity to recognize two great employees in the PAO office. Mr. Dennis Phelps has done a superb job designing our Webpage. He takes great pride in making sure that represents quality. I have looked at a few MTFs WebPages and none compare to the time, effort, and thought that is put into the CRDAMC page. I would also like to say Mr. Robert Howell is highly skilled in his design of advertisement; he designs for the CRDAMC staff. All he needs is verbiage of what you need to say. He takes it and produces pictures that speaks the message alone, no words needed. Every suspense that Patient Services has asked of these two individuals, always, always exceed the standard and they have it to you in turnaround time the is unbelievable. I would just like to tell them both that I thank you for all that you do. You are excellent!!!"

"Natalie is a Lab Tech in the WHC, and she is awesome. I stand at her doorway in awe, just to see her in action. She makes her job look very easy and I know for a fact that it is not. Her area is always neat and tidy, and she is fast and proficient with her work. She deserves on the spot recognition. I want to be among the first to say, Ms. Natalie, I think you are doing a wonderful job! Thank you for all that you do. We all appreciate you."

CRDAMC comment: October 22, 2012
